5-22-95

DEAR HAROLD,

THO IT IS A TOPIC I KNOW YOU DISLIKE, HERE IT IS ANYHOW.

HOW DOES ONE HONESTLY REACT TO THE PECULIARITY THAT NOT A SINGLE WITNESS, OF 44, ACCURATELY DESCRIBED

WHAT WE SEE

IN THE IMAGES -

NOT EVEN THE

AUTOPSISTS WHO,

PRESUMABLY, DESCRIBED

THE TRUE, ANTERO-

LATERAL DEFECT, AS

"PARIETO-TEMPORAL-

OCCIPITAL".

WHY DIDN'T A

SINGLE WITNESS

GET IT RIGHT? CAN'T

GIVE YA AN ANSWER

BUT IF ANYONE CAN

YOU CAN.

BEST WARMREGARDS, Jay
